

HANGER HILL GARDEN ESTATE RESIDENTS ASSOCIATION

**Help us create a beautiful cherry tree walk and
wildflower meadow on Princes Gardens**

Lots of work has been done on this project since initial drawings were displayed at the Annual General Meeting on 30 March. We have developed a 'cherry trees' theme that will:

- Renovate the central gardens and make the Estate look even more beautiful
- Improve air quality and provide a biodiverse, nature friendly area
- Improve road safety with more places to cross and make it easier to see cars
- Replace dead trees and shrubs to be in tune with our heritage and adapt to climate change
- Bring the community together with gardening days and festive gatherings
- Offer an education resource for residents and local schools
- Discourage antisocial behaviour such as flytipping

Now we need your help!

- Email consultation@hhgera.com to tell us what you think and to get involved
- Go to www.spacehive.com/westactoncherrytreewalk, where you can **register** and pledge money in support (you can give as little as £2). We need as many people as possible to get involved, so we can persuade local businesses, large sponsors and funding organisations to back the project.
- Look out for **updates** at www.hhgera.com/gardens-project.

*Help us transform a dark, overgrown and rubbish-strewn space
into a beautiful woodland garden*
